Hello everyone,

Welcome to the second of our regular 'TOTSCo Talk' eBulletins. In response to your feedback, we are introducing these updates to provide a round up of the latest news and actions you might need to take.

In this edition we are featuring:

- Onboarding has started - over 80 CPs have signed up to be hub users
- Connection Testing starts tomorrow
- Industry Test Groups have kicked off
- Helpful actions for you

Onboarding has started - [sign up now](#)

We have now onboarded over 80 Residential Fixed Voice and Broadband Communication Providers (RCP). If you are a RCP & haven't signed up - sign up [here](#). It's a simple process, step-by-step instructions of how to onboard, book your test slot and lots more is covered in our [TOTSCo Hub User Guide](#).

Connection testing starts tomorrow

Once you have onboarded and been sent your unique ID (RCPID) you can book a test slot. Connection testing is a simple test to ensure you can send a basic message and receive a response. For more info see our [User Guide](#) or if you have a question [contact us](#).

Need help?

Why not book a call with Debra Revens our Industry Liaison Lead, Debra is here to help you all the way through your OTS journey, [Book a call now](#) and bring along your questions that you have about how to get ready. We are here to help!

Our Industry Test Groups have kicked off

Our Industry Test Groups are now up and running. We held our first two with large and medium communication providers (CPs) this week, next week we will meet with smaller CPs and Altnets. Coordinating the OTS test approach is a crucial step to achieving OTS go-live. [Read more here](#).

Helpful Actions for You

- Onboard with us [here](#)
- Your views wanted (by 11 Aug) - [TOTSCo Charging Structure Proposal](#)
- Save our 'News' page as a favourite - this page will feature everything you need to know and do
- Need help? [Book a call with our Industry Liaison](#)

Any more questions? Visit our [Help and Support](#) page on our website.

This eBulletin has been created with your feedback in mind. It would be great to hear if this is hitting the mark or there is more we can do to improve it. So please do [contact me](#) with any thoughts or comments.

All the best,

Keely Beecroft
Head of Communications
On behalf of the TOTSCo Team

The One Touch Switching Company Limited (TOTSCo) is a not-for-profit private company limited by guarantee, founded by the UK telecommunications industry to deliver switching processes for fixed voice and broadband services.
