Charges for use of our **production hub** and **Services** for **business switches** will be set and published separately.

Our charges to **CPs** directly connected to our **production hub** are set out in our User Agreement, Schedule G Price List. These charges will also apply to **CPs** that use an **In-Sourced MAP** solution or a **Technical MAP** and maintain a direct commercial relationship with us.

This **Full Management MAP Price List** sets out:

- our terms of payment.

Your obligations

You must tell us the **Residential Customer Number** of each of your **CP** customers when you onboard each **CP** customers and then on an ongoing basis within three months of each annual **Reference Date**.

What do words mean in this schedule?

In this **Full Management MAP Price List**, the following words have the following meanings:

charging period	each twelve-month period commencing on 1 January each year
Reference Date	In respect of each charging period , 30 June in the prior year
Residential Customer Number	for each RCPID , in respect of each charging period , the number of residential customers contracted for (i) fixed broadband, (ii) fixed voice; and (ii) fixed broadband/voice bundles with the RCPID at the applicable Reference Date
Subscription Price	£50 per RCPID per charging period
Unit Price	for each RCPID , 28 pence (£0.28) per residential customer per charging period , subject to a tapered reduction if the number of residential customers per RCPID is below 10,000.

Charging Structure and payment terms

Our charges start from 1 July 2024.

We will invoice charges in respect of each RCPID allocated to your CP clients.

Invoices are due and payable within 60 days of the invoice date.

VAT at the prevailing rate will be added to each invoice.

Our charges

The annual charge for each RCPID has two components:

- (i) a subscription charge for each charging period to cover the costs of maintaining and supporting an RCPID; and;
- (ii) a unit charge for each charging period, calculated from each RCPID's Residential Customer Number at the applicable Reference Date and Unit Price.

For each RCPID with a Residential Customer Number more than 10,000 the unit charge will be calculated by multiplying the Residential Customer Number by the Unit Price and then deducting £280.00.

For each RCPIDs with a Residential Customer Number less than 10,000 the unit charge will be subject to tiering and a tapered reduction as shown in the table below.
