

**TOTSCo Bulletin No 70**  
**Date: 25 September 2024**  
**Subject: TOTSCo 2025 Pricing Update**

TOTSCo has now completed its analysis of pricing for 2025 and is pleased to confirm that there will be **no change in pricing for next year**.

This will be welcome news for many hub users. All parties are reminded that prices are assessed annually and may increase in the future to reflect changes in inflation and other costs.

### **Communication Provider Price List**

The Communication Providers (CPs) Price List, effective from 1 November 2023, is available [here](#) and will remain in effect through 2025. Both the Subscription Price and the Unit Price per customer will be held at £350 and £0.28 respectively.

The Communication Provider Price List also applies to CPs using an In-Sourced or Technical Managed Access Provider (MAP) with a direct commercial relationship with TOTSCo.

### **Full Management MAP Price List**

The Price List for Full Management MAPs is available [here](#). It will remain in effect for 2025. Both the Subscription Price and the Unit Price per customer will remain unchanged.

### **Next Steps**

CPs and MAPs are required to report their Residential Customer Numbers to TOTSCo annually, based on the number of customers as of 30 June 2024. TOTSCo will contact you soon with details on how to share this information. Please be prepared to share your customer numbers when requested.

TOTSCo will issue invoices for Q1 2025 in November. TOTSCo will also invoice newly onboarded CPs at this time i.e. any CP that joined after our August invoices were sent out.

As set out in [Bulletin 33](#), we will review our charging structures during 2025 with a view to implementing any changes in time for 2026.
